REQUIREMENTS FOR OBTAINING A BUILDING PERMIT

Listed below are the items that are required to be submitted to Technicon Enterprises, Inc., II in order for you to obtain a building permit. Please note that not providing all of the required items may result in the delay of the issuance of the permit. The required application is attached.

1. The Building Permit Application must be made either by the Owner(s) or Lessee of the building or structure, or an agent of either, or by the Registered Design Professional employed in connection with the proposed work.
2. All applications must be accompanied by two sets of site/plot plans.
3. All Applications shall be accompanied by three (3) sets of construction documents. It is recommended but not required (unless commercial application) that a Registered Design Professional prepare the construction documents. The documentation shall include the name and address of the Registered Design Professional and shall be signed, dated and sealed.
4. If the application is for a new home requiring an on-lot septic system, a copy of the septic system permit must be submitted.
5. If an addition including bedrooms is to be constructed, the Sewage Enforcement Officer (SEO) must check the plans to verify that an adequate septic system is available. Verification must accompany the application.
6. If this application is for a new home and municipal water and/or sewer connection will be made, a copy of the issued permit or receipt is required prior to a building permit being issued.
7. If this application is for a new home a driveway permit is required.
8. A Soil Erosion & Sedimentation Control Plan must be submitted to and approved by the Lancaster County Conservation District for disturbances exceeding 5,000 square feet. A copy of the approval letter or the letter of adequacy must be submitted with the building permit application.
9. NO WORK SHALL BEGIN UNTIL A BUILDING PERMIT HAS BEEN ISSUED.

If you have any questions, please call (610) 286-1622 or email us at receptionist@technicon2.com.
